

HIGH PASTURES SURGERY 2015 SURVEY RESULTS

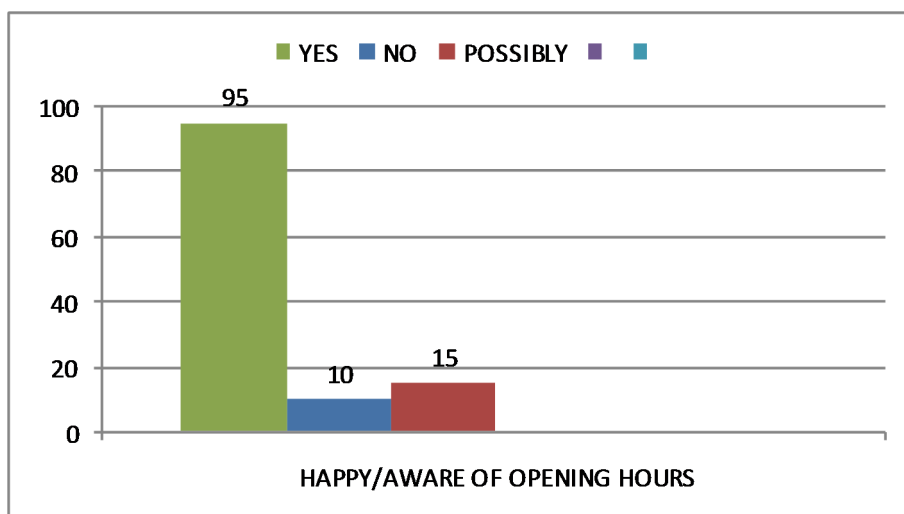

In February of this year the Practice conducted its annual patient survey. A cross-section of the Practice Population was targeted, approximately 1% of the total population. The Practice virtual Patient Participation Group was also consulted. The survey results will be published on the Practice website, and made available in the Surgery waiting room. Thank you to those who took part.

Do you think that the service provided by High Pastures Surgery is:

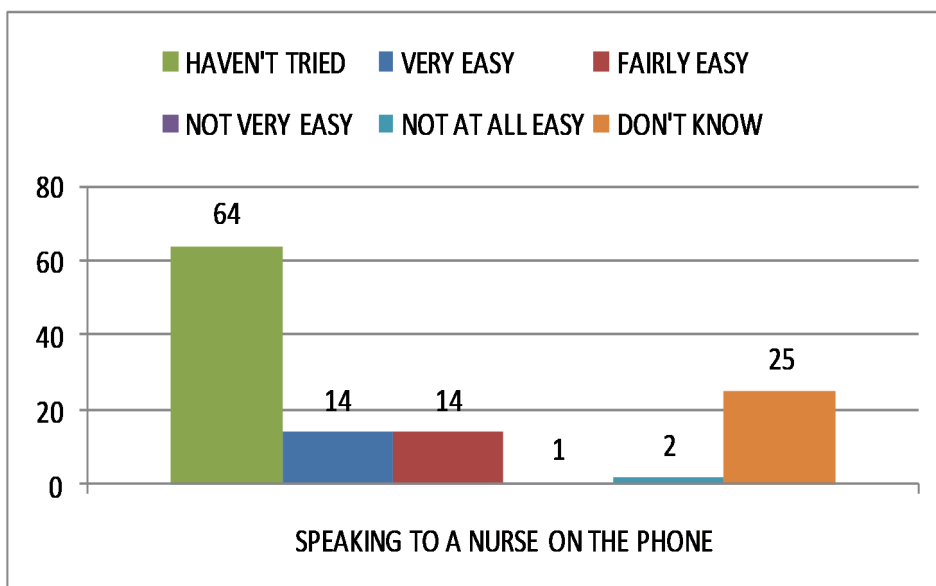

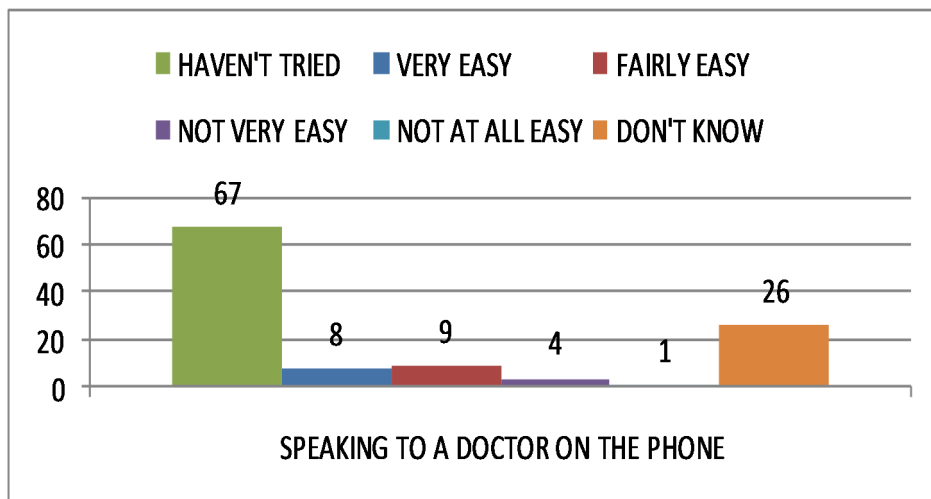

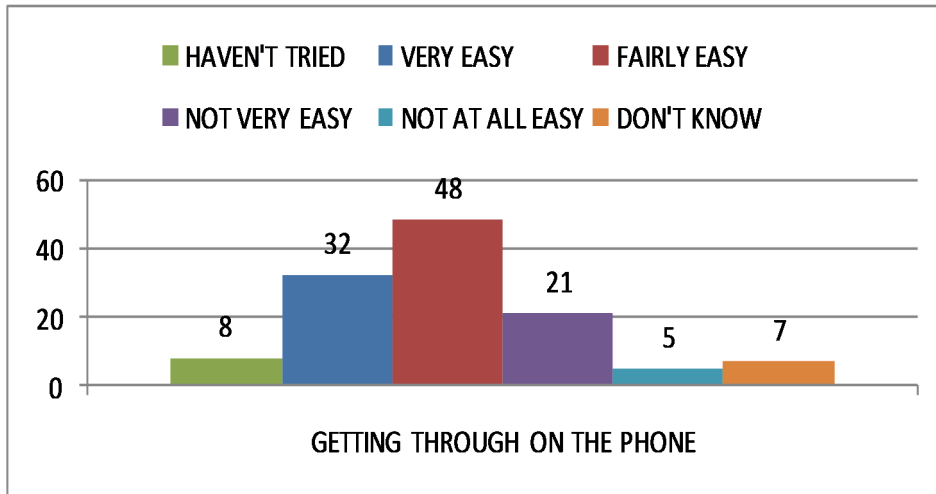

Are you happy/aware of the Surgery's current opening hours?
